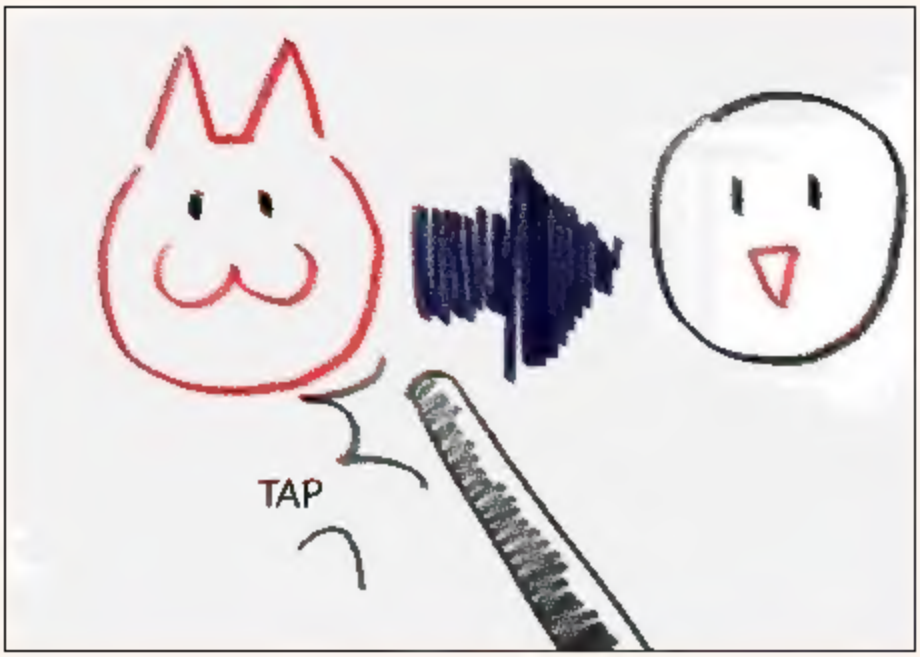
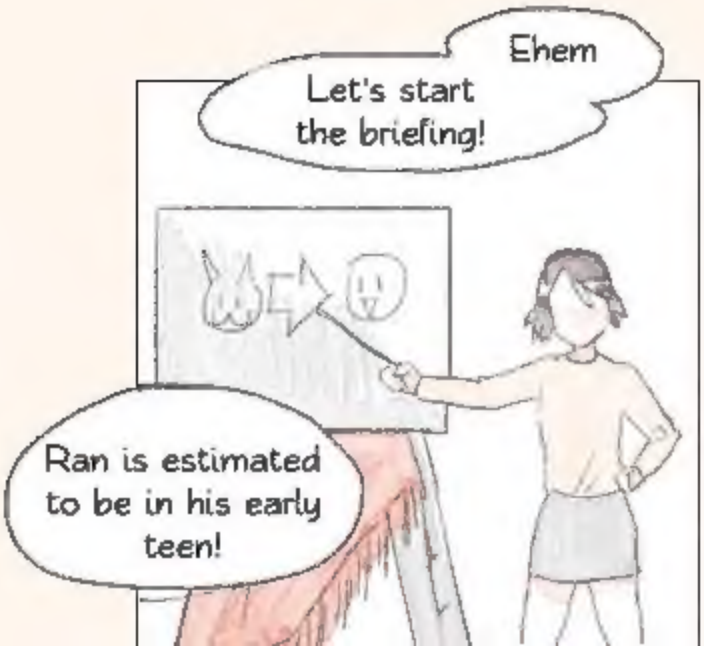
Chapter 8

Starless



TAP



Ehem
Let's start the briefing!
Ran is estimated to be in his early teen!

Anyway, he looks like that
...So?

He's all grown up...

But Ran is an infant who can't even walk or talk!

But his body seems to have already passed its infancy.

So if you teach him a little bit, he'll do it in no time.

He's gonna be able to act like normal kids, soon.

Erm

I'm not sure

Specifically, how?

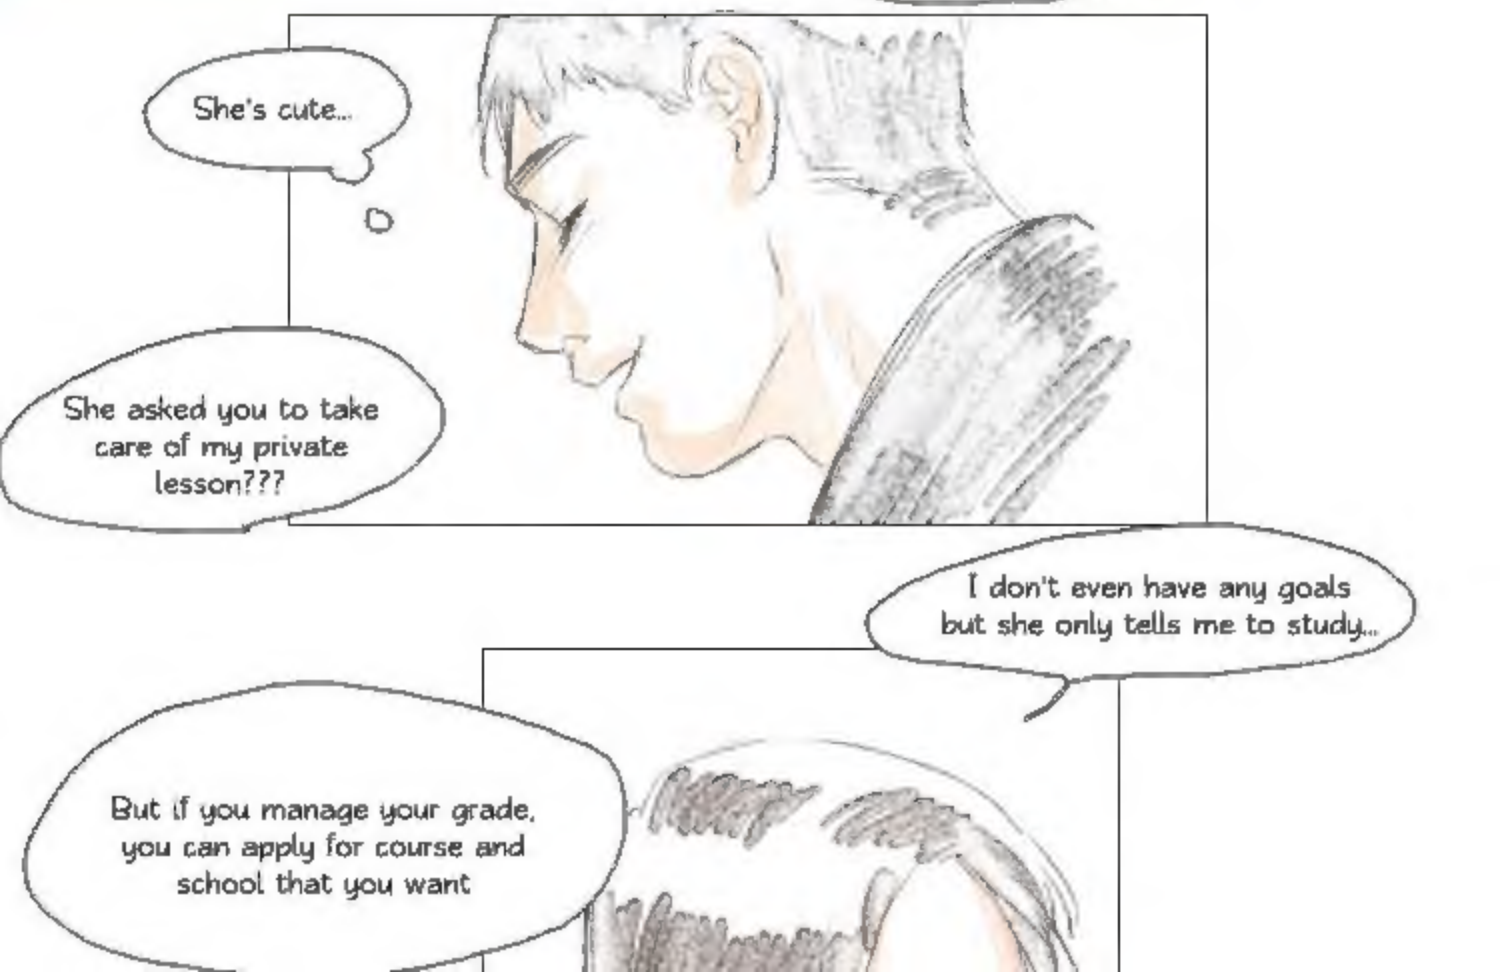
Urm...

meow?

Put him on a desk???

LOL You didn't even like to sit on your desk

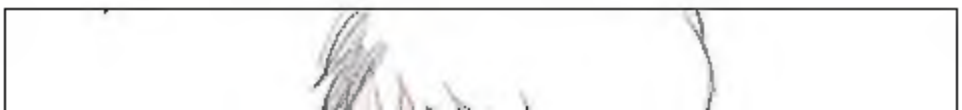
Stop talking about that --
Why? You hated studying when you were 5 years old
It was a new clothes
You're noisy..
But you spilled juice on my clothes
Your mom asked me to make you get no 1 in the whole school



She's cute...
She asked you to take care of my private lesson???
I don't even have any goals but she only tells me to study...
But if you manage your grade, you can apply for course and school that you want

Your nagging is worse than my mom

You have time on Christmas, right?
Do you think I'll spend Christmas with you?!
You should have time.
Hmph...I'm not sure!



Have a good class today. Let's go together after school ended
Hey he's here again
Are they in a relationship?
Nayoung said they're just friend, though?
(fidget)
Isn't he in Science class? He comes here everyday. But they're not dating?
Maybe he has someone he likes here
It's too bad for the boy

Today also... I saw Hanseo's face...

Hey!

If you like him that much, you should confess to him

Is...is it that obvious?!

How...how can I confess? He doesn't even know me...

I still can't even be friend with him...

Do you think the answer will comes out if you just look at him? You should get his number.

She's annoying...

Will Hanseo give his number..? What if he rejects me..?

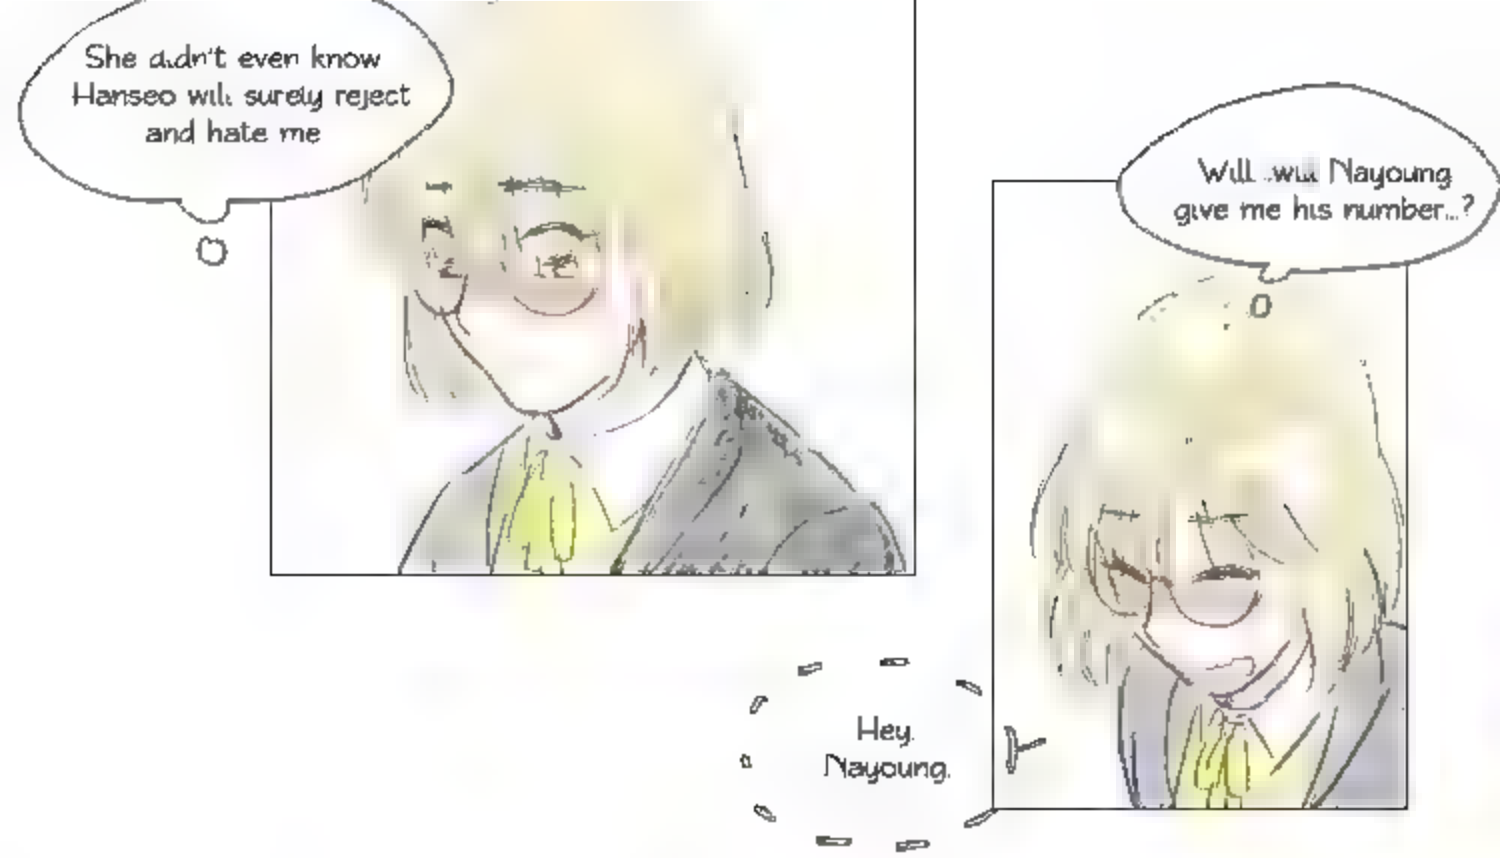
She's right. Try it. You said Hanseo likes plain. You cut your hair and even wear glasses

B...but...

What a waste of your effort

turn

I can't stand her trying to be nice



She didn't even know Hanseo will surely reject and hate me
Will...will Nayoung give me his number...?
Hey. Nayoung.

Because you're close with Hanseo.!
Can you tell me his number?!

what?

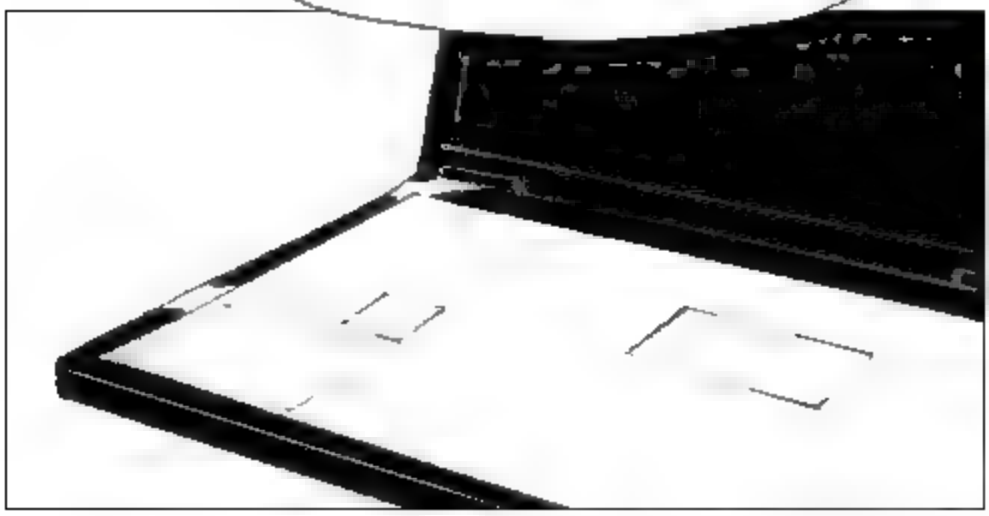
.do you like Hanseo?

Urm.

I think it would be better...
if you buy a new one

This product does not come with components anymore

I would try to save it if just water got into it but it's all dried up



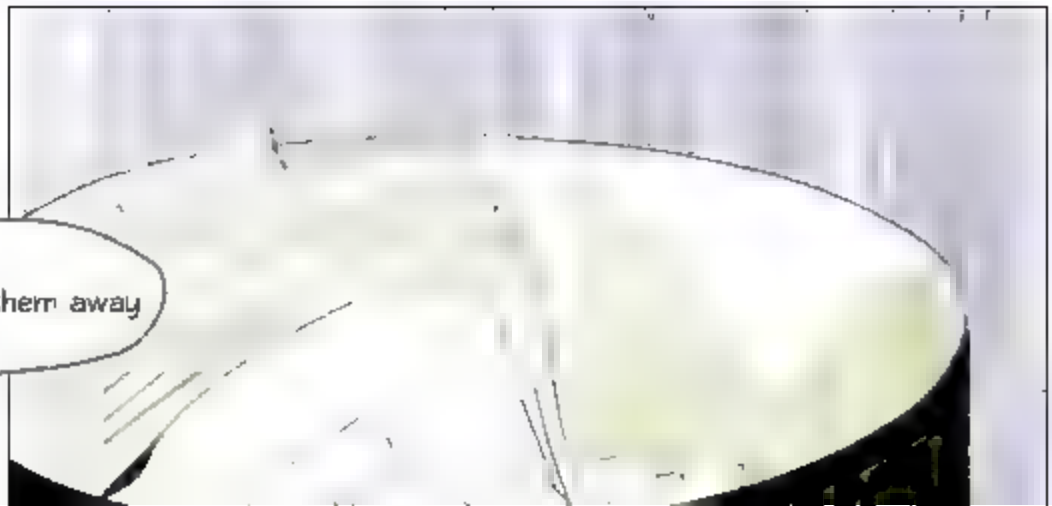
If there is any important material

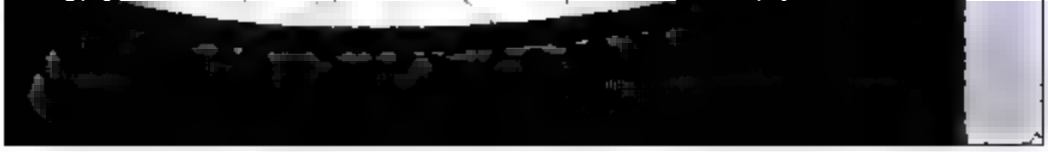
I thought, it was better

The more I try to write a false story, the deeper the yearning become

Empty me in this place

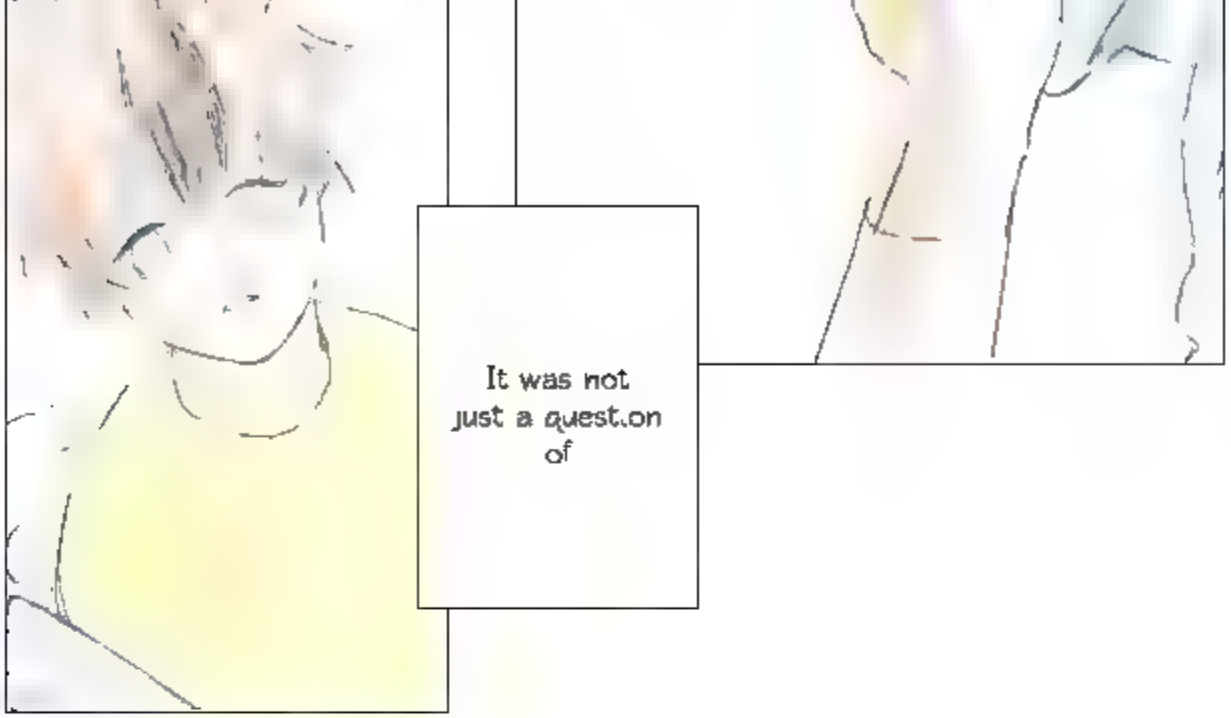
I felt like I was left alone





Everything

I'm thirsty



It was not just a quest.on of

Intense reality and thirst without place to breath

I am

Totally
ruined

I walked
all the way back

To touch the scent
you've spilled

Just like how I remember you

It would be nice
if I could forget you easily too
